

STATEMENT OF PURPOSE

RS19158C2

The Idaho Board of Barber Examiners is clarifying the qualifications for a barber instructor's license and creating qualifications for a barber stylist instructor's license. This bill also raises the student/instructor ratio for schools. This bill will also remove members of the Board of Barber Examiners from the Public Employee Retirement System of Idaho (PERSI) by changing the payment they receive from compensation to a honorarium under Idaho Code 59-509.

FISCAL NOTE

There is no impact on the General Fund and very little to dedicated funds.
